Following the proclamation recently issued by Governor Williams designating October 9 as fire preventing day for Oklahoma, Mayor Overholser today issued a similar proclamation, after communicating with State Fire Marshal C. C. Hammonds, proclaiming the same day as a day to be observed in furthering the fire prevention cause in Oklahoma City.

The mayor's proclamation asks that the people of the city take the time and trouble to inspect their heating apparatus, stoves, flues, chimneys, etc., and that they burn all inflammable piles of rubbish that have collected in alleys and around buildings.

**SHE WAS A MERE SKELETON**

This Lady Suffered from Severe Pain in Left Side, Was Very Weak, and Confined to Bed for Month at a Time

Oklahoma City, Okla.—Mrs. Dora Funderburg of this city, says: "When I was 14 years old I was very poorly, and was told that my case was very bad, and that it might go into consumption, as I had an awful cough. The medicine I took did not do me much good, and I only spent my money for nothing, as I got no relief, but when I commenced taking Cardutol, I began improving."

Before taking Cardutol I was a mere skeleton and was very weak and was confined to my bed at times, sometimes as long as a month at a time. I was unable to go to school regularly for two years, on account of my bad health. I had cramps every month, and a severe pain in my left side.

My mother told me of Cardutol, and after taking one bottle I was greatly relieved of the pains. I have continued taking it until I feel like a different woman, and I cannot praise Cardutol enough. I am now gaining in weight, and all my friends that see me speak of how much better I look in the last month, and I tell them I am taking Cardutol. I highly recommend it to all suffering women."

Try taking Cardutol for your troubles. Get a bottle today. You won't regret giving it a trial. Your druggist sells it.—Adv.
